CHIEF among the beautiful dinners of the season given in honor of the various distinguished guests that have visited here this winter was that tendered the Governor of Virginia and Mirs. Mann last evening at the Jefferson by Colonel J. D. Johnson, of Roanoke.

Mrs. Mann wore an imported gown of black satin trimmed with jet, and wore diamond ornaments. She carried a bouquet of crimson roses. The table was ornamented with a crystal jug of Golden Gate roses and maldenhair fern. Covers were laid for twelve, and Colonel Johnson's guests included the Governor and Mrs. Williams, Miss Courtenay Crump, Mrs. Ramsay, Miss Allce Izard. Dr. Davidson, Hiram M. Smith, Miss Brent Witt and Dr. Mann. Nothing pleases the younger set in Washington more than a new setting for an entertainment, and Tuesday afternoon they were more than delighted to be invited aboard the auxiliary yacht Mayslower for tea. Miss Helen Taft, daughter of the President, and Miss Ethel Roosevel were the chief guests. Officers of the yacht were the port after its cruise about Christmas

Some paid managers of the great Labor Trust do not seem satisfied to rest on their past record of tyrannies to their own members, to other work-

ing men, and to the public at large, but they seek to add to their long list of villianous acts. On Sunday, January 2nd, 1910, The Chicago Federation of Labor allowed to pass to the press a statement that three carloads of empty peanut shucks

were found in a railroad wreck and were consigned to our Company. That statement was a wilful, malicious lie made from whole

cloth. It was inspired by the usual hate for every one not under the yoke of the Labor Trust. It is a favorite method of the aver-

The Labor Trust has sent committees and money time and again, given smokers (and drinkers) to try and lure our people into the meshes of slavery, but Postum workmen steadfastly prefer their independence and liberty. Therefore the labor leaders have threatened to punish them, and this lying "peanut shell tale" is one of the methods.

There is a time coming when the workingman, even outside of Battle Creek, will secure his rightful position and fair treatment, with suitable wages, without being compelled to be under the iron heel of a few labor chiefs who have obtained control in some localities over the workingmen, and can tell them when to quit work, or be subject to the slugging of their infamous "en-
